Town and Country Planning Act 1990

PLANNING PERMISSION

Name and address of applicant  Name and address of agent (if any)
Monoworld Recycling Ltd  
Sanders Lodge  
Wellingborough Road  
Rushden  
Northamptonshire  
NN10 6BQ

Part I - Particulars of application

Date of Application  Application No.
7 April 2015  NCC Ref: 15/00023/WASFUL

ENC Ref: 15/00714/NCC

Particulars and location of development
Installation of barrier walls for Health and Safety purposes at Plots 19 To 26, Sanders Lodge Industrial Estate, Rushden, Northamptonshire, NN10 6BQ.

Part II - Particulars of decision:

The Northamptonshire County Council

Hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1990 that permission has been granted for the carrying out of the development referred to in Part I hereof in accordance with the application and plans submitted subject to the following conditions:-

1. Time Limit

The development hereby permitted shall be begun before the expiry of three years from the date of this permission. Written notification of the date of commencement shall be provided in writing to the Waste Planning Authority within seven days of such commencement.

Reason: To comply with Section 91 of the Town and Country Planning Act as amended by the Planning and Compulsory Purchase Act 2004.

Note: This permission only relates to planning permission and does not include consent under the Building Regulations for which separate permission may be required. The requirements of the Chronically Sick and Disabled Persons Act 1970, the Disability Discrimination Act 1995 and the Special Education Needs and Disability Act 2001 should also be adhered to wherever appropriate.
2. **Scope of the Permission**

Except as otherwise required by conditions attached to this planning permission the development hereby permitted shall be implemented and maintained in accordance with the following approved documents and plans:

- Application forms dated 23 March 2015
- Drawing No: 001 - Existing Site Plan
- Drawing No. 25963/1 - Layout of concrete panel wall
- Proposed locations of retaining walls plan dated 7 April 2015
- Supporting Planning Statement dated 7 April 2015

Reason: To secure implementation and maintenance of the development in accordance with the approved documents and plans and secure the mitigation measures set out in the application.

4. **Fire Risk Management**

Within two months of the commencement of the development, a fire risk management plan identifying the measures to mitigate and manage the risk of the fire associated with waste storage on the whole Monoworld site (outlined in red on Location Plan dated 7 April 2015) shall be submitted to and approved in writing by the Waste Planning Authority. The plan as agreed in writing shall be implemented and maintained thereafter. (See Informative 1)

Reason: In the interests of safety having regard to Policy 27 of the Minerals and Waste Local Plan (October 2014).

**INFORMATIVE**

1. In preparing the fire risk management plan the applicant should refer to EA guidance “Fire Prevention Plans” and WISH “Reducing Fire Risk At Waste Management Sites” and should use guidance available on the EA website to ensure that the latest guidance is used.

Please note that this advice is given in good faith on the basis of the information supplied and that made available at the time of writing. The advice is therefore given without prejudice to matters that may arise from further information, consultation (Environmental Permit/Licence) or examination and is therefore not binding on any formal consultation reply or decision that may be made by the Environment Agency.

**POSITIVE AND PROACTIVE MANNER STATEMENT**

In determining this planning application, the Waste Planning Authority has worked with the applicant in a positive and proactive manner based on seeking solutions to problems arising in relation to dealing with the planning application by liaising with consultees, respondents and the applicant/agent and discussing changes to the proposal where considered appropriate or necessary. This approach has been taken in accordance with the requirement in the NPPF, as set out in the Town and Country Planning (Development Management Procedure) (England) (Amendment Note: This permission only relates to planning permission and does not include consent under the Building Regulations for which separate permission may be required. The requirements of the Chronically Sick and Disabled Persons Act 1970, the Disability Discrimination Act 1995 and the Special Education Needs and Disability Act 2001 should also be adhered to wherever appropriate.
1. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or the grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Sections 78 and 79 of the Town and Country Planning Act 1990 within six months of receipt of this notice. (Appeals must be made on a form which is obtainable from the Planning Inspectorate, 3/08a Kite Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN). The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them having regard to the statutory requirements (a), to the provisions of the development order, and to any direction given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a direction given by him.

2. If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by carrying out of any development which has been or would be permitted he may serve on the Council of the district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

3. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.

(a) The statutory requirements are those set out in Section 79(6) of the Town and Country Planning Act 1990, namely sections 70 and 72(1) of the Act.

Note: This permission only relates to planning permission and does not include consent under the Building Regulations for which separate permission may be required. The requirements of the Chronically Sick and Disabled Persons Act 1970, the Disability Discrimination Act 1995 and the Special Education Needs and Disability Act 2001 should also be adhered to wherever appropriate.
No.2) Order 2012.

Date 10th June 2015 Signed

For Assistant Director of Environment and Planning

Note: This permission only relates to planning permission and does not include consent under the Building Regulations for which separate permission may be required. The requirements of the Chronically Sick and Disabled Persons Act 1970, the Disability Discrimination Act 1995 and the Special Education Needs and Disability Act 2001 should also be adhered to wherever appropriate.
