

2. A child level report of each child funded and the amount of hrs and the funding paid.

Child and Setting Details
 These are the children funded at your setting this period.

Hrs Funded Already this Block
 This is the number of hrs that have already been funded for this child in this Block. For June this is the sum of hrs funded in April and May and June.

Student ID	Student Name	Service ID	Total Hrs For Block		Hrs Funded already this Block			Hours Paid This Month

Total Hrs for the Block
 This is the total number of hours that will be funded by the end of the funding block. These should be the total block hours you expect to be funded this block.

Hours Paid this Month
 This is the number of hours funded this month. If nothing further changes before the end of the block you should expect to receive funding for the same number of hours in the following months.

Amounts Funded

This section shows the amount of funding calculated for each child for each funding element. From this information you will be able to see which children are EYPP Eligible and Deprivation funded.
