The Equality Act 2010 places a ‘General Duty’ on all public bodies to have ‘Due regard’ to:

- Eliminating discrimination, harassment and victimisation
- Advancing equality of opportunity
- Fostering good relations

We do this by undertaking equality impact assessments (EqIAs) to help us understand the implications of policies and decisions on people with protected characteristics – EqIAs are our way of evidencing this.

All assessments must be published on the NCC equalities web pages. All Cabinet papers where an EqIA is relevant **MUST** include a link to the web page where this assessment will be published. If you require assistance in getting your EqIA published, please contact [equalities@northamptonshire.gov.uk](mailto:equalities@northamptonshire.gov.uk)

## PART 1 – 15<sup>TH</sup> NOVEMBER 2018

### Description of current provision/policy and main beneficiaries/stakeholders

Northamptonshire County Council currently provides a standard public library service from Irthlingborough Library including the provision of a range of printed and non-printed material for information and lending, access to the internet for public use and library staff to deal with enquiries. Additional services provided from the library include Universal Children's Centre provision and support for Blue Badge and Bus Pass applications.

The Library is above Headway (brain injury support service) in a shared building, in need of refurbishment. The town has many small shops and is near the new Rushden Lakes development. The Library provides has a meeting room for hire, with potential for more hireable space and one small toilet. The Library provides 3 parking spaces, in addition to the on street parking and free parking in town centre car park.

Some of the activities on offer in 2018:

- For 0 to 4s: Rhymetime, Play and learn U1s, Play and learn U5s
- Other: Councillor surgery, East Northants Council surgery, Craft group, Community Law, Summer Reading Challenge, Volunteering In Northants (VIN).

Current opening hours:

Monday – Friday 9 – 5

Saturday 10 - 2

### Description of proposal under consideration/development

In October 2017 a public consultation was held around 3 proposals for the future of Northamptonshire Libraries. Following a Judicial Review in August 2018 the decision to retain 15 libraries under NCC control and offer the other 21 to community groups to be run as independent libraries was quashed. In September 2018, the new Chief Executive of the council conducted a new review of the library service, ensuring NCC are able to deliver their statutory duty to provide a "comprehensive and efficient" library service, whilst achieving necessary savings for the council by identifying opportunities to work with community groups to coproduce community managed libraries where possible. Following meetings with community groups, parishes and Borough and District councils, individual proposals have been identified for each library.

It is proposed that Irthlingborough Library remains under NCC statutory provision. A needs assessment has identified that this library serves a large population, including areas of multiple deprivation, indicating that statutory provision should continue. All libraries remaining under NCC statutory provision will be reviewed to develop the current offer, increase footfall and maximise income to ensure sustainability.

**Data used in this Equality Impact Assessment (general population data where appropriate but each EqIA should contain information on people who use the service under consideration – if this is not applicable to your proposal then you probably do not need to do an EqIA)**

<b>Data Source (include link where published)</b>	<b>Please summarise what the data tells us – for example “X number of people use this service, X are male, Y are female etc”</b>				
<p>It is acknowledged that the Library Service Review, NCC’s Section 114 spending controls and reduced opening hours in libraries in 2018 will all have had an effect on library usage. Previous data is available in the EQIAs from October 2017 at <a href="https://www3.northamptonshire.gov.uk/councilservices/council-and-democracy/budgets-and-spending/Pages/review-of-library-services-in-northamptonshire.aspx">https://www3.northamptonshire.gov.uk/councilservices/council-and-democracy/budgets-and-spending/Pages/review-of-library-services-in-northamptonshire.aspx</a></p> <p>The membership data is based on the records of members registered with the library and captures cards which were used in 2017/18. A membership card is only required for a few library services, for e.g. borrowing something, checking your account, renewing and requesting items. Many library services do not require membership and facilitate anonymous use as a community hub, for e.g. visiting the library for any purpose, using the computer, attending activities, reading newspapers etc. There are no administration systems in place able to capture this use on an individual basis, though numbers of visits, attendances and use of some services are available.</p> <p>For this library the above data is based on 803 membership records of which 428 are from adults aged 18 and over.</p> <p>2) In 2016, 51 adults in this Library took part in a week long visitor survey (the Adult Public library User Survey, or APLUS), where paper questionnaires are offered to all adult library visitors during the survey period.</p>	<b>Protected characteristics</b>	<b>All libraries</b>	<b>Irthlingborough Library</b>

Initial impact	
Explain your findings above	Actions identified to mitigate, advance equality or fill gaps in information
<p>There are no changes proposed to Irthlingborough Library and so the impact of the review overall is assessed to be neutral for all protected characteristics.</p> <p>There is the possibility that Irthlingborough Library will see increased footfall as a result of changes to other libraries in the area, subject to the outcome of the consultation, but it is not anticipated that this will have a negative impact, although this would be monitored.</p> <p>The EQIAs undertaken in the 2017/18 review are available to view here: <a href="https://www3.northamptonshire.gov.uk/councilservices/council-and-democracy/budgets-and-spending/Pages/review-of-library-services-in-northamptonshire.aspx">https://www3.northamptonshire.gov.uk/councilservices/council-and-democracy/budgets-and-spending/Pages/review-of-library-services-in-northamptonshire.aspx</a></p>	<p>No mitigating actions are required, but people will have the opportunity to comment on all proposals, as part of the consultation being launched in December.</p>

Do you need to undertake further work (e.g. consultation, further equality analysis) based on the impact and actions identified above? If yes, set this out below and then carry out the work and complete Part 2
<p><b>UPDATED</b></p> <p>The consultation on this library and the 27 others that were ready for consultation after the December Cabinet meeting runs from 12th December to 8th February, Consultation on the remaining 8 libraries runs from 23rd January to 22nd March. Each consultation lasts eight weeks and two days. The findings for all 36 libraries will be presented to Cabinet in May 2019.</p>

Comments/feedback from questionnaire, letters, emails, and events

In relation to Irthlingborough and people with protected characteristics, some respondents to the questionnaire expressed their satisfaction with the proposal that the town would retain a library and their support for the library service, with one respondent calling it a ‘lifeline of the community’, and that it supports a diverse population. Some respondents listed the services they have accessed at the library with one respondent calling for continued trained staff for the children’s services groups to ensure continued up-take of the sessions.

Recommended proposal

No changes are proposed for Irthlingborough Library and it is proposed that Irthlingborough Library remains managed by NCC in the current location. This library will form part of the countywide statutory provision. A needs assessment has identified that this library serves a large population, including areas of multiple deprivation, indicating that statutory provision should continue. There are high needs for children in this area. Feedback from the consultation supported the proposal and suggested that the space and facilities inside the library could be enhanced to enable more use by groups within the town. There is £34,700 S106 money currently being invested to develop the library space and improve the financial sustainability of the library.

**Final impact analysis (taking the findings from Part 2 into account) – including review date if required**

As there are no changes proposed to Irthlingborough Library and consultation feedback has not raised any concerns the impact of the review overall is assessed to be neutral for all protected characteristics.
