

Consultation details

About the consultation

What is the consultation title?	30 Hours Free Childcare - Parental Demand Survey
What is this consultation about?	<p>The Government has already made a commitment to provide up to 30 hours of funded childcare for children in working families (eligibility criteria apply).</p> <p>This survey-based consultation aims to gauge the interest in, and demand for, these additional hours (e.g. above and beyond the current entitlement of 15 hours per week term-time for all 3 and 4 year olds) in early education and childcare settings in Northamptonshire.</p> <p>The survey findings will be used to highlight any geographical differences in eligibility and interest.</p> <p>The county council will be using survey findings in conjunction with data gathered from childcare and early education providers in Northamptonshire (subject to a separate, concurrent survey). Ultimately, the aim of both surveys is to see where there will be most pressure (s) on places and where there is a need to stimulate the market to ensure that there is adequate childcare provision (childcare sufficiency need).</p>
