About the consultation

What is the consultation title?*

What is this consultation about?*

Consultation on the Housing Preventative Support Service Delivered through South Northants Homes Northamptonshire's population continues to increase, this in turn increases the demands made on services provided by Northamptonshire County Council. We know that technology is constantly developing and changing the way in which people want to and expect to access services. We also know our public resources are becoming scarcer which requires us to change how our services are being delivered. Sometimes this may mean including a service charge.

So, with ever changing national and local needs, along with the requirement to provide the service, we need to regularly review our structures and services to ensure that they are the right ones; targeted at those who need them the most. We need to provide appropriate safeguarding and support to the most vulnerable. Northamptonshire County Council contributes £100k towards the funding for the above support service. We are now seeking the views and feedback of the people who use the service.
