About the consultation

What is the consultation title?*

Northamptonshire Joint Health and Wellbeing Board
Strategy 2016-2020 (Draft) - Supporting
Northamptonshire to Flourish Consultation

What is this consultation about?*

Health and Wellbeing Boards, introduced by Health &
Social Care Act 2012, enable key leaders from across the
health and care system to jointly work to:

- Improve the health and wellbeing of the people in their area,
- Reduce health inequalities; and
- Promote the integration of services

In Northamptonshire, the Board brings together representatives from Northamptonshire County Council, local Councils, Clinical Commissioning Groups, the Police, the University of Northampton, the hospitals and community-based services, Healthwatch and the voluntary sector. There is a statutory requirement placed on public bodies to have a health and wellbeing strategy. This ensures that all of the organisations involved work together to improve the health and wellbeing of residents. The strategy will be used to help prioritise the development and delivery of services offered in Northamptonshire.

The Board have developed a draft strategy for consultation feedback.

There are four priorities within the strategy, based on evidence that board members know about the county. These priorities are:

Priority 1: Every Child gets the Best Start

Priority 2: Taking responsibility and making informed choices

Priority 3: Promoting Independence and Quality of Life for Older Adults

Priority 4: Creating an environment for all people to flourish

The priorities are based on evidence from previous research and are not being discussed during this consultation. We're seeking feedback about where the board should focus its efforts for each priority.
