About the consultation

What is the consultation title?*

Paying for Care and Support When Eligible for Adult Social Care

What is this consultation about?*

Northamptonshire County Council (NCC) want to ensure that they have in place policies and procedures which clearly outline the Councils position in regard to payment of care and support.

The Council has a requirement to ensure that those who are both vulnerable and eligible for social care have their needs met, within the financial resources available.

Equally however, the Council also need to ensure that, after a full financial assessment, there is an ability for the customer to make a contribution to their care needs; that they and their family fully understand this and commits to making the agreed regular payments.

The reason for this is that the County Council need to ensure people who receive services have clarity about their responsibility and the Council have in place a procedures which enable a more robust approach to reducing this element of client debt.

The Council have a document called Paying for Your Care and Support in Your Own Home which has been updated to ensure it is explicitly clear of what the Council's adult social care role is and the expectations of the service user if deemed both eligible and able to make a final financial contribution towards the cost of their care. In particular, Section 4 of this document – What if I am unable to meet my agreed contributions – has been added.

The Council now wish to seek views and comments on this document including the clarity of the information presented.
