IMD Overall - Rank for all single tier and county authorities (quantiles of all English single tier and county councils)

IMD Income Deprivation Affecting Older People Index (IDAOPI) - Rank for all single tier and county authorities (2015)

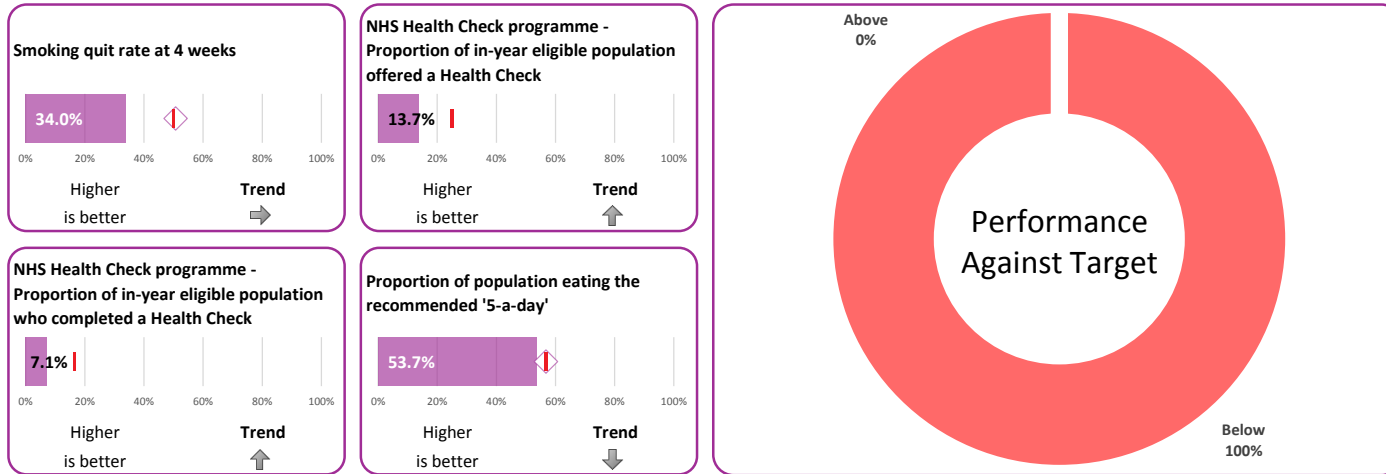

IMD Income Deprivation Affecting Children Index (IDACI) - Rank for all single tier and county authorities (2015)

Council Plan 2018-2022 Priority Area: Health & Wellbeing

- > Reducing health inequalities amongst the county's communities
- > Tackling the top 10 health risks in partnership with citizens and health and social care colleagues

National Averages - The latest available figures from nationally published data, these are typically updated 6 months after the end of the financial year.

Trends: The trend arrow identifies if the indicator has increased or decreased by at least 2% since the previous quarters report. An arrow that is sideways represents a stable performance level that is not greater than 2% in either direction.

Performance against Target: The chart on the right shows how the performance indicators on this page are performing against target, the 4 categories are;

No Tolerance: Indicators where it is, depending on viewpoint, positive to reduce or increase performance (e.g. rate of Children in Care)

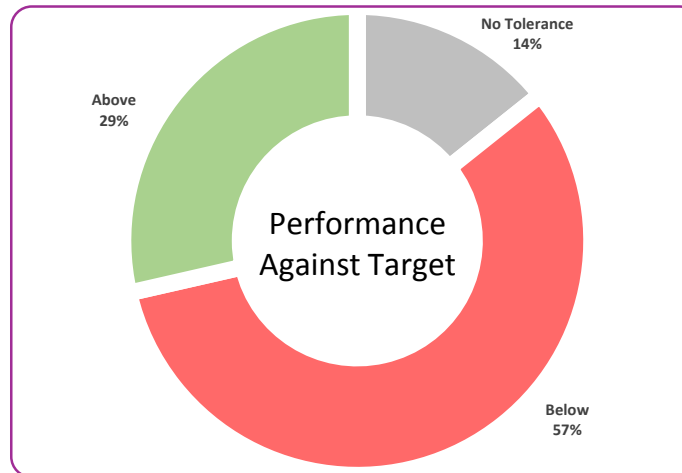

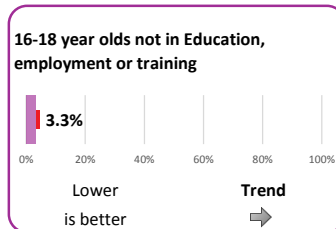

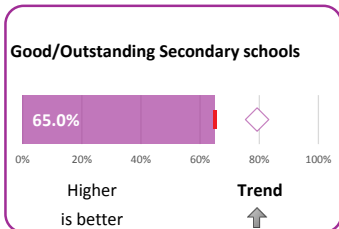

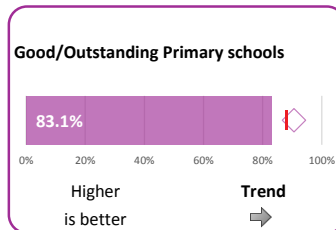

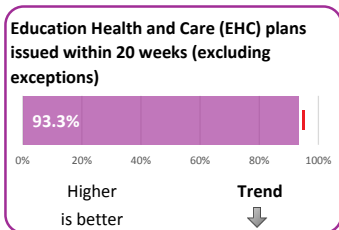

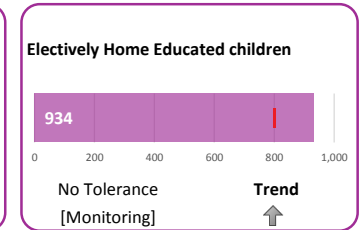

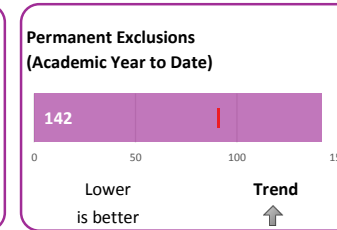

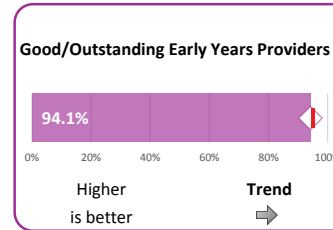

Below: Performing worse than the target set.

Above: Performing on or better than the target set.

No Target: No target in place, or it isn't appropriate to set a target for this indicator.

Council Plan 2018-2022 Priority Area: Education & Skills

- > Narrowing the gap in achievement for vulnerable children and young people
- > Improving education progress attainment and skills at all key stages and throughout adulthood

National Averages - The latest available figures from nationally published data, these are typically updated 6 months after the end of the financial year.

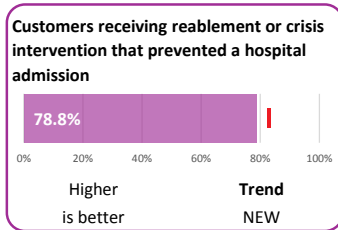

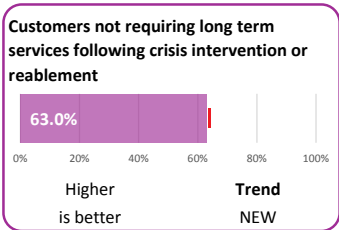

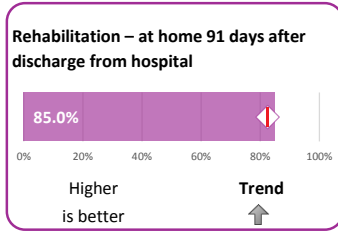

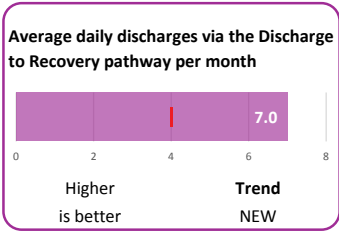

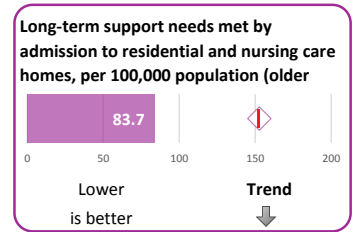

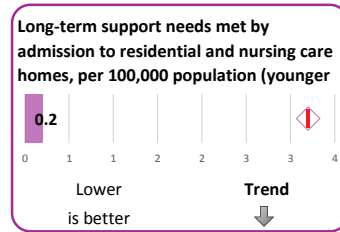

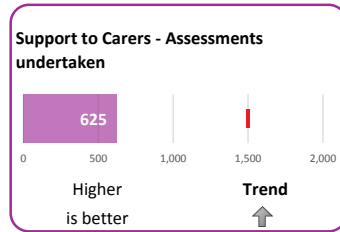

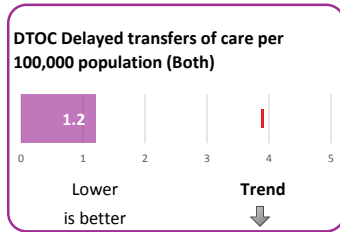

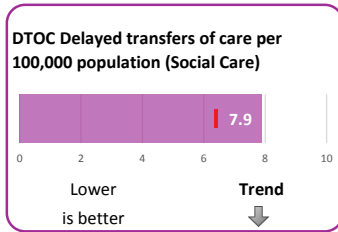

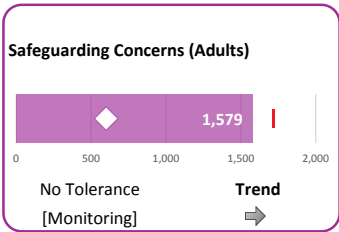

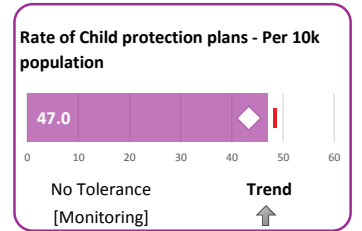

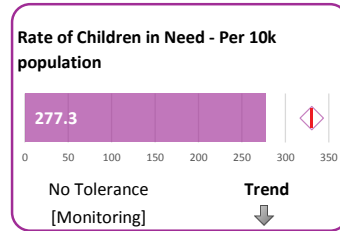

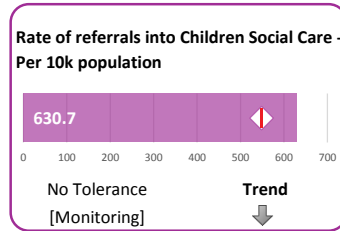

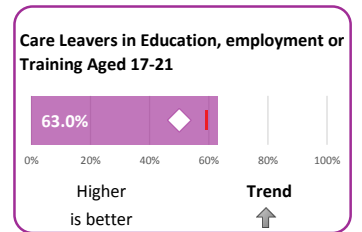

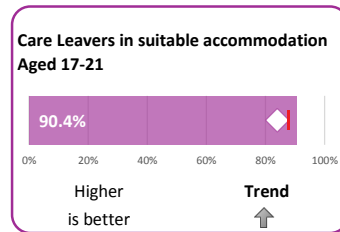

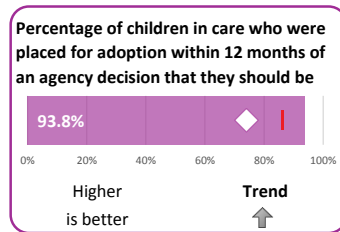

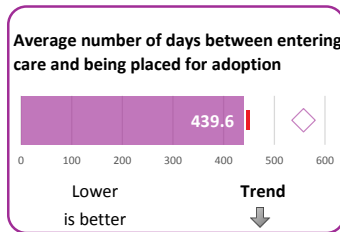

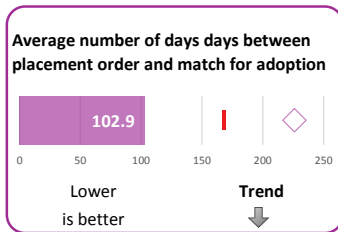

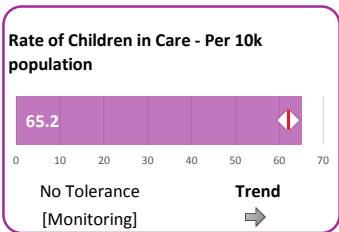

Trends: The trend arrow identifies if the indicator has increased or decreased by at least 2% since the previous quarters report. An arrow that is sideways represents a stable performance level that is not greater than 2% in either direction.

Performance against Target: The chart on the right shows how the performance indicators on this page are performing against target, the 4 categories are;

- No Tolerance:** Indicators where it is, depending on viewpoint, positive to reduce or increase performance (e.g. rate of Children in Care)
- Below:** Performing worse than the target set.
- Above:** Performing on or better than the target set.
- No Target:** No target in place, or it isn't appropriate to set a target for this indicator.

Council Plan 2018-2022 Priority Area: Safeguarding, Care & Support

- > All children and young people are safeguarded and vulnerable children are protected from harm
- > Northamptonshire communities and individuals are safe
- > Keeping communities and individuals safe and supported to be healthy and stay independent
- > Effective commissioning to ensure good care at the right time for the best price, which supports people in achieving their outcomes

National Averages - The latest available figures from nationally published data, these are typically updated 6 months after the end of the financial year.

Trends: The trend arrow identifies if the indicator has increased or decreased by at least 2% since the previous quarters report. An arrow that is sideways represents a stable performance level that is not greater than 2% in either direction.

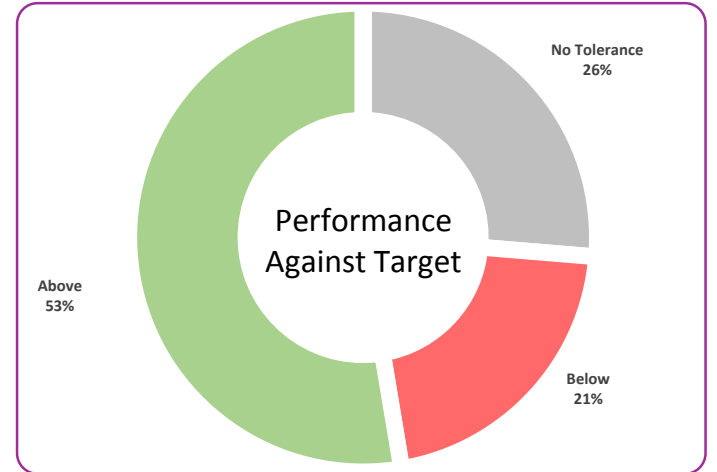

Performance against Target: The chart on the right shows how the performance indicators on this page are performing against target, the 4 categories are;

No Tolerance: Indicators where it is, depending on viewpoint, positive to reduce or increase performance (e.g. rate of Children in Care)

Below: Performing below target set.

Above: Performing on or better than the target set.

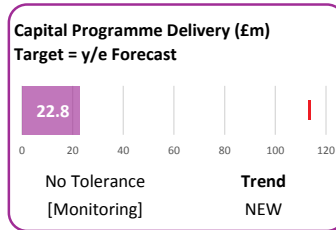

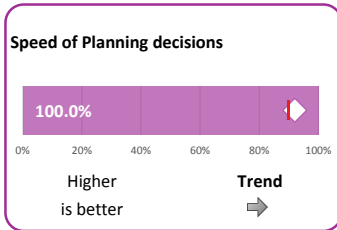

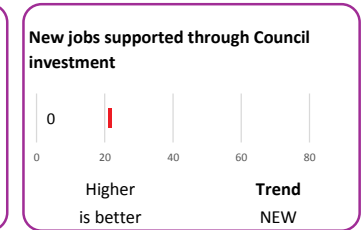

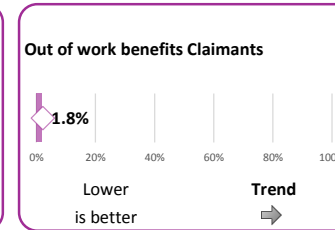

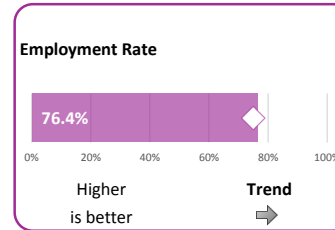

No Target: No target in place, or it isn't appropriate to set a target for this indicator.

Council Plan 2018-2022 Priority Area: Growth & Prosperity

> Improving infrastructure and place-shaping to enable communities and businesses to thrive and grow sustainably, and generating prosperity.

> Maximising the use and value of our assets to support safe and efficient service delivery.

National Averages - The latest available figures from nationally published data, these are typically updated 6 months after the end of the financial year.
