Details of the pre-application advice received

Hello Peter,

I refer to your recent planning application for the change of use of storage and industrial yard to an operational yard for the crushing and screening of hardcore and soils, and formalisation of existing access, at the above site, which was received 25/11/2020. I have had a look through your application and do not consider it is valid in its current form, for the following reasons:

23. Pre-application Advice

1. A minerals planning application form has been completed when the proposal is for waste development. You will need to re-submit electronically via the planning portal website using the correct waste national standard forms and certificates. This will include the proposed throughput of demolition and construction waste (tonnes per annum).
2. A Planning Statement is required and I would strongly advise you look at our validation checklist to gain an understanding of what this should cover. See link below. <https://www.northamptonshire.gov.uk/councilservices/environment-and-planning/planning/planning-applications/making-a-planning-application/Pages/making-a-county-council-or-waste-application.aspx>
3. Clear drawings are required showing the building to be demolished, existing/proposed sections/elevations would be helpful.
4. A Catchment Area Plan is also required.
5. Planning fee of £462 for change of use is required.

I'm not sure if you're aware that a Lawful Development Certificate exists for the storage and sorting of demolition and construction waste (25,000 tonnes per annum) on a parcel of land to the rear of the POW site (our ref. 12/00019/WAS). Permission was also granted for a waste transfer station and material recycling facility (20,000 tonnes per annum) on a parcel of land to the east of the POW site (our ref. 15/00036/WASFUL). In this context it is clear that your application will need to make the case for the proposed facility, and we know from previous applications within the POW site the highway and traffic amenity impacts are a significant consideration. Other issues to consider will include noise and dust.

If you have any queries with the above please do not hesitate to contact me.

Kind Regards
Helen Marsden

24. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

Yes No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

25. Ownership Certificates and Agricultural Land Declaration

CERTIFICATE OF OWNERSHIP - CERTIFICATE B - Town and Country Planning (Development Management Procedure) (England) Order 2015 Certificate under Article 14

I certify/The applicant certifies that:

- I have/The applicant has given the requisite notice to everyone else (as listed below) who, on the day 21 days before the date of this application, was the owner* and/or agricultural tenant** of any part of the land or building to which this application relates; or
- The applicant is the sole owner of all the land or buildings to which this application relates and there are no other owners* and/or agricultural tenants**.

* 'owner' is a person with a freehold interest or leasehold interest with at least 7 years to run. ** 'agricultural tenant' has the meaning given in section 65(8) of the Town and Country Planning Act 1990.
