Dear Mr Szymanski

**Town and Country Planning Act 1990 (As Amended)
Planning Application to vary Condition 3 of Planning Consent
14/00011/WASCOU dated 29 May 2014 at Passenham Quarry - On
Behalf of GRS Roadstone Limited**

1. GRS Roadstone Limited are the owner and operators of the sand and gravel quarry at Passenham ("the site").
2. The site benefits from three planning consents, one of which (consent ref 14/00011/WASCOU) is for a change of use to allow for the establishment of an inert waste recycling facility on land at Passenham Quarry ("the consent"). After the discharge of matters reserved by Condition the consent was implemented on 31 March 2017.
3. The consent was granted subject to 36 conditions, one of which, Condition 3 defines the cessation date of these operations.
4. Condition 3 states:

"The development hereby permitted, excluding aftercare, shall cease no later than 31 May 2017 and the land shall be restored, in accordance with details to be approved under condition 27. The site shall be subject to aftercare for a period of five years in accordance with the required aftercare scheme under Condition 34."
5. The end date defined in Condition 3 is linked into the end date for the wider operations that was in place at the time of consent. However subsequent to that GRS have secured a further planning consent ref 16/00025/MINVOC.
6. The application has therefore been submitted to make the end date co terminus with the wider operation regulated through planning consent 16/00025/MINVOC i.e 1 October 2022.
7. In this regard please find enclosed a planning application (also submitted via the planning portal re PP 06061024) comprising:
 - completed forms inc Certificate A;
 - Location Plan; and

- Site Plan.

8. The current planning consent includes a number of environmental protection conditions which are not proposed to be varied as part of this planning application and would therefore proposed to be retained for the duration of operations on site, consistent with local planning policy.
9. We trust this is satisfactory; however should you have any queries, please do not hesitate to contact me.

Yours sincerely
