Child Health Summary

The chart below shows how the health of children in this area compares with the rest of England. This area's result for each indicator is shown as a circle. The average for England is shown by the black line, which is always at the centre of the chart. The range of results for all local areas in England is shown as a grey bar. A red circle means that this area is significantly worse than England, while a green circle means that this area is significantly better than England for that indicator. However, a green circle may still indicate an important public health problem.
