

What happens next?

North-West Relief Road:

If we are successful in securing the necessary funding, the next project milestones would be to confirm the preferred route and to submit a planning application. Subject to no hold-ups the road should open in 2021.

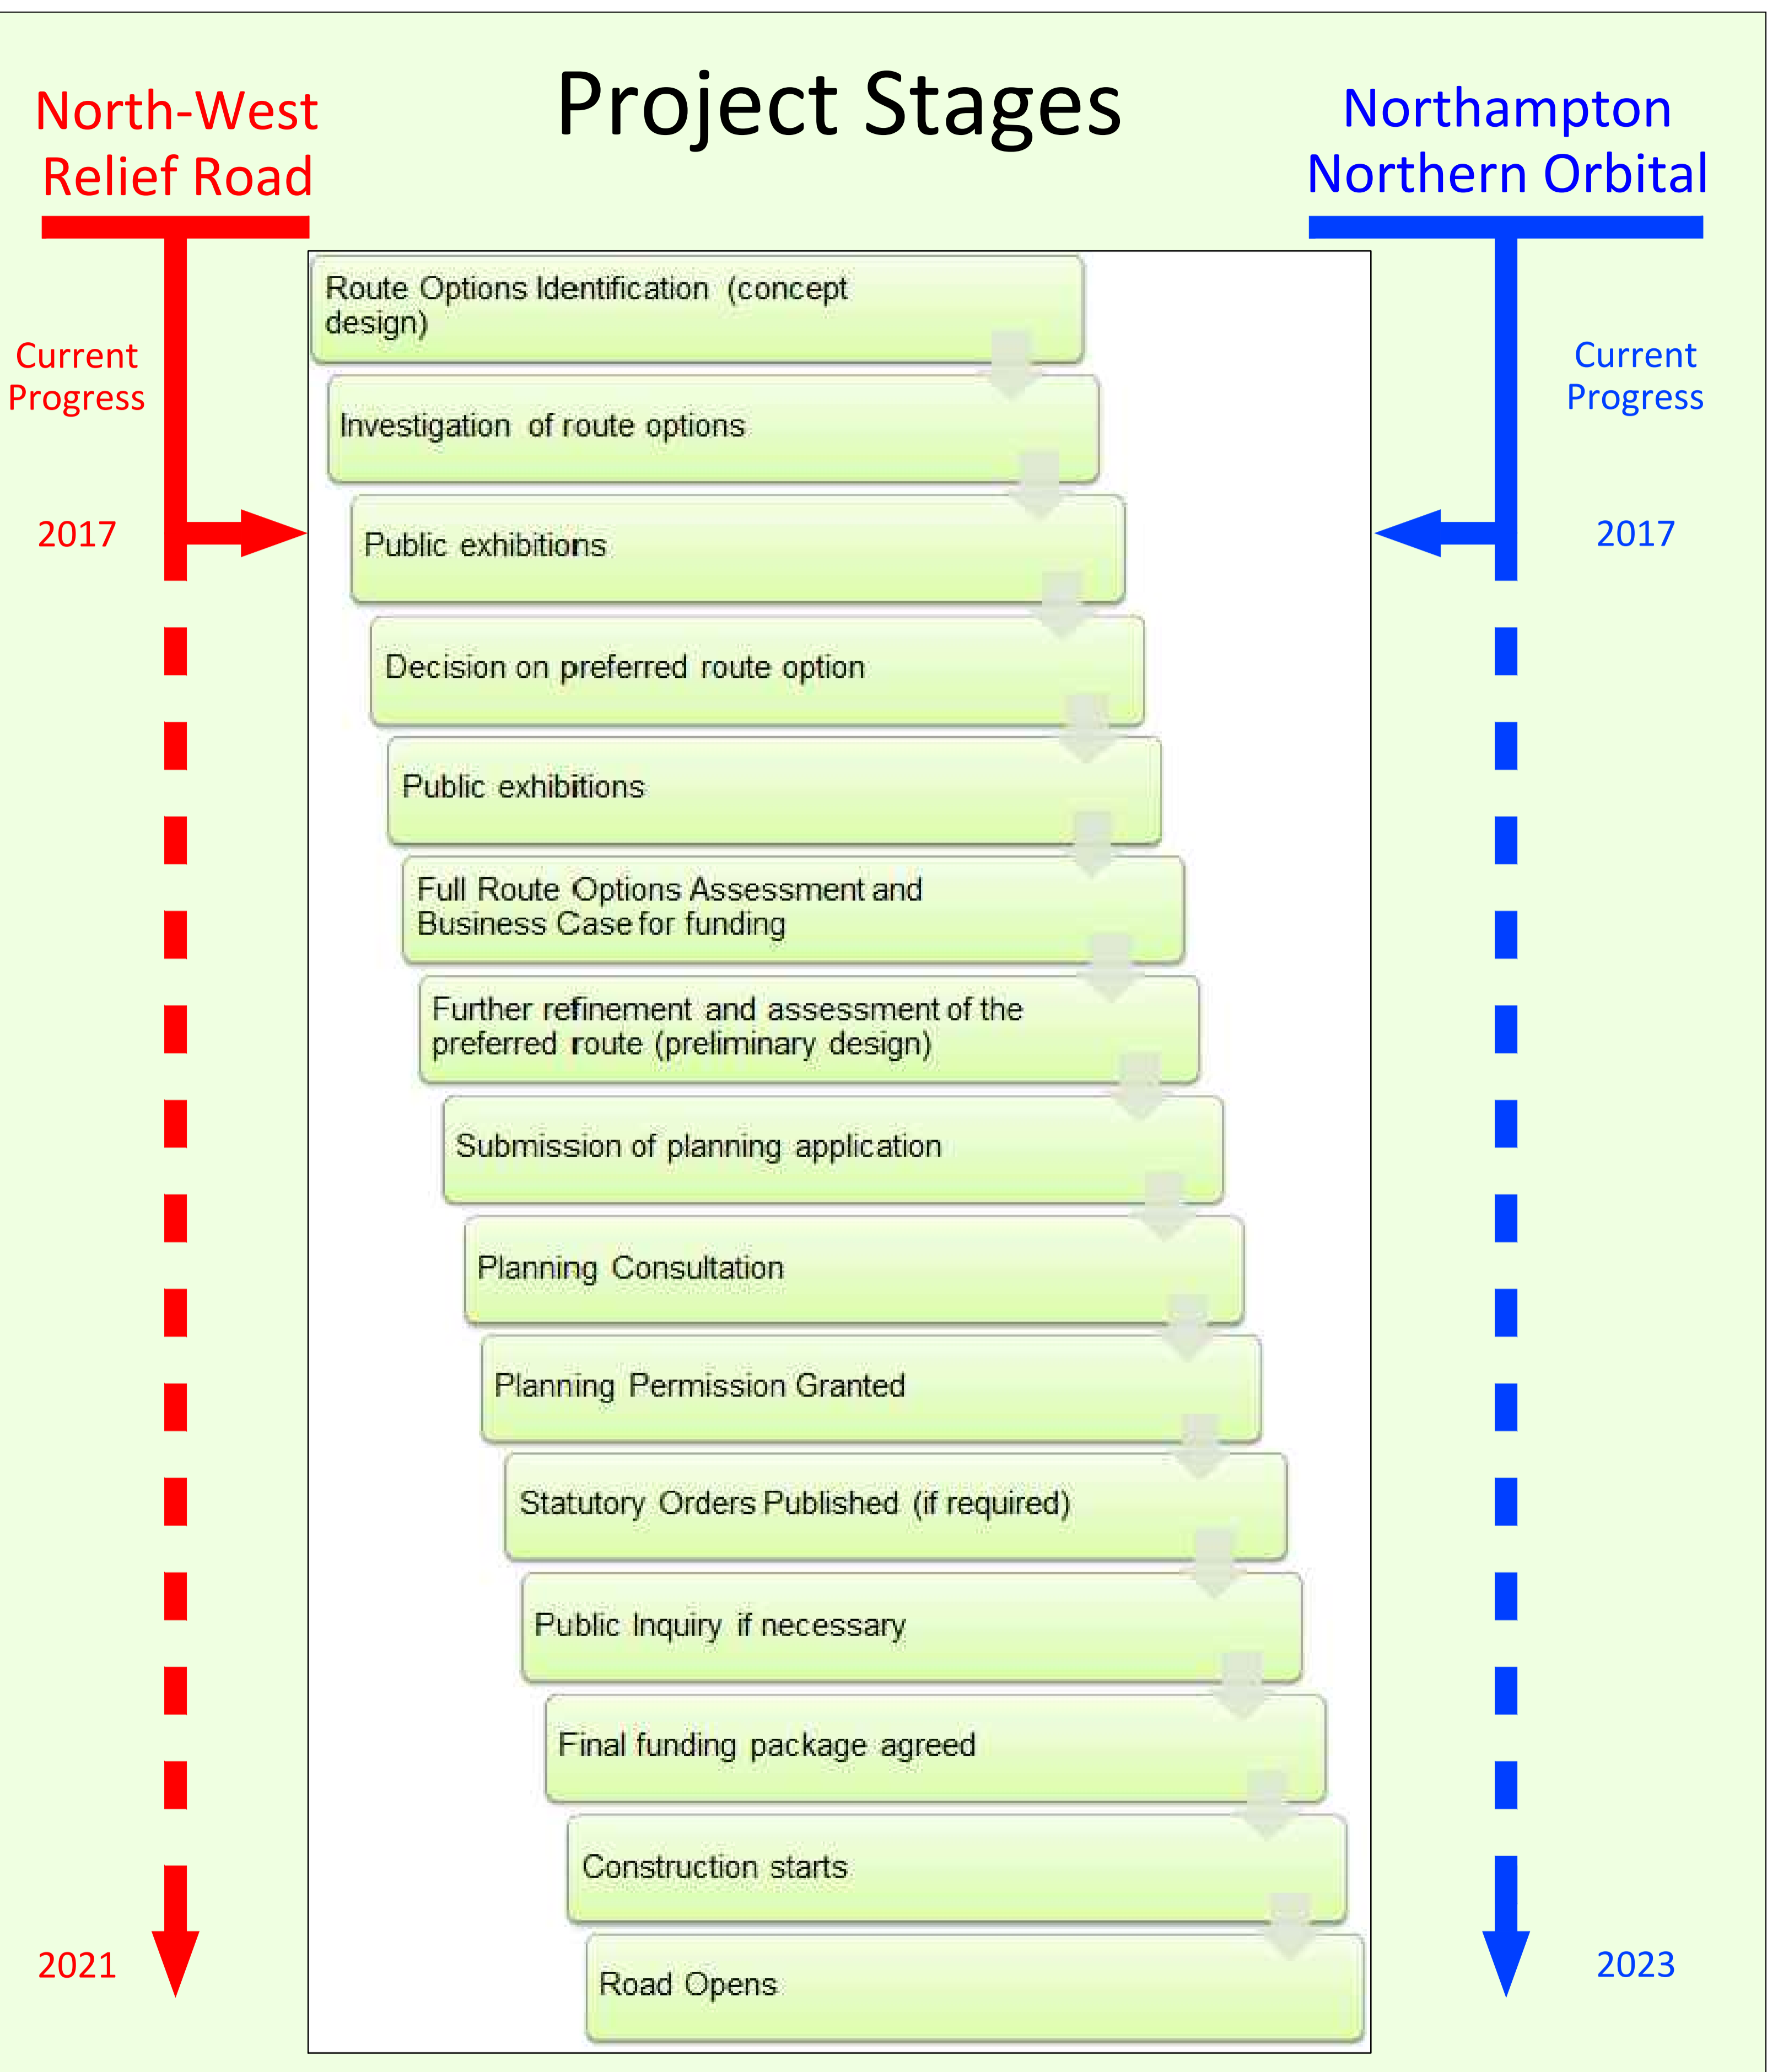

Northampton Northern Orbital Route:

We will consider the responses from this consultation and formulate a recommendation for a preferred route. If good progress is made and funding secured we hope to open the road in 2023.

Have your say

Your views are very important:

- Please complete the questionnaire and leave it with one of our representatives; or
- Write to Northamptonshire Highways at the postal or email address shown in the leaflet.
- Visit the website www.northamptonshire.gov.uk search Major Highway Projects to access the online questionnaire.
